

# **KURT VERNON, MD, FACG**

COLON, RECTAL, LIVER & DIGESTIVE DISORDERS

Compassionate, convenient health care

## **PRESS RELEASE FOR IMMEDIATE RELEASE 12/08**

### **KURT VERNON MD PA OF FUQUAY-VARINA, NC RECEIVES AAAHC ACCREDITATION**

Kurt Vernon MD PA has achieved reaccreditation by the Accreditation Association for Ambulatory Health Care (AAAHC/Accreditation Association). Accreditation distinguishes this surgical center from many other outpatient surgical facilities by providing a safe work environment and the highest quality of care to patients.

Status as an accredited organization means Kurt Vernon MD PA has met nationally recognized standards for the provision of quality health care, set by the Accreditation Association. More than 3,600 ambulatory health care organizations across the United States are accredited by AAAHC. Not all ambulatory health care organizations seek accreditation; not all undergoing the on-site survey are granted accreditation.

Our practice underwent an extensive process with expert surveyors, volunteer physicians, nurses, and administrators who are actively involved in health care. When you see our certificate of accreditation, you will know that the AAAHC, an independent, not for profit organization, has closely examined our facility and procedures. It means we care enough about our patients to strive for the highest care possible.

Kurt Vernon MD PA is located in Dunn and Fuquay-Varina, NC and has been serving the community for over 10 years. Dr. Vernon is a board-certified Gastroenterologist and has completed extensive training in digestive diseases and disorders. Treatment of reflux, colon cancer, hepatitis, and abdominal pain are a few of the conditions treated in our office. Our Endoscopy Center provides Colonoscopies, Upper GI Endoscopy, and many other procedures at an outpatient facility, it is safe and convenient.

“We believe our patients deserve the best,” stated Dr. Kurt Vernon. Dr. Kurt Vernon encourages the practice to seek the highest standards in patient safety and care. He also has been quoted many times saying that “The secret to successful treatment is personalized care. In the end they aren’t just healed, they’re educated, too.”
